1) Sci-tech private model, novel circular appearance design can be well integrated into the style of home furnishings and do not destroy the overall design of home furnishings
2) Remote monitoring can be observed at any time and anywhere at home
3) Support WiFi and cable dual connection mode to use more stable and easy to use.
4) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Rotation angle	Horizontal 355°C/vertical 75°C	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black		

1) Sci-tech exclusive private model, novel circular appearance design can be well integrated into the style of home furnishings and do not destroy the overall design of home furnishings
2) Remote monitoring can be observed at any time and anywhere at home
3) Support WiFi and cable dual connection mode to use more stable and easy to use.
4) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Rotation angle	Horizontal 355°C/vertical 80°C	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black		

1) Sci-tech exclusive private model, novel circular appearance design can be well integrated into the style of home furnishings and do not destroy the overall design of home furnishings
2) Remote monitoring can be observed at any time and anywhere at home
3) Support WiFi and cable dual connection mode to use more stable and easy to use.
4) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Rotation angle	Horizontal 355°C/vertical 80°C	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black

visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black		

1) Simple but not simple design
2) Creative heart-shaped clamping bracket to keep you away from the installation environment constraints
3) Remote monitoring can be observed at home anytime, anywhere
4) Wifi connection mode is more stable and easy to use
5) Support voice intercom, local TF Card Storage, Cloud Storage, Mobile Detection Alarm to Protect Your Home

Technical parameter

Resolution	1MP/2MP	Cloud storage	Support
		night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A

		night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black		

1) 2.4 G Wireless Digital Signal Transmission
2) Encrypted transmission of digital signal with good security
3) Barrier-free transmission distance of 300 meters and partition wall distance of 150 meters
4) The monitor has built-in batteries that last longer than 2H.
5) Built-in baby sleeping hypnotic music, which can be played through screen control camera
6) Monitor with temperature display, Celsius and Fahrenheit switching
7) Infant monitor with two-way intercom function

Technical parameter

	Transmission frequency		2.4GHz	
	antenna		Video camera/Receiver, Built-in concealment	
	transmission distance		300m	
Video camera	Image Pixel	Maximum 1920*1080		
	low illumination power	colour: 0.1Lux@f1.3, black and white 0.01Lux@f1.3		
	Power	<5W		
	Trends	DC 5V 1A		
	Main Processor	AMKORFX-8/nuclear 32-bit DSP		
Receiver	Material of LCD Screen	4.3"		
	LCD screen size	4.3"		
	Resolution	480 × 272		
	effective area	95.04mm(W) × 53.856mm(H)		
	Pixel pading	0.198mm(H) × 0.198mm(W)		
	Power Supply	DC 5V 2A

	Power Supply	DC 5V 2A		

1) Fashionable appearance design, black glue front high-end preferred
2) exclusive simple plug-in mode, bring more intimate service, solve all plug-in inconvenience
3) remote monitoring can observe the situation at home anytime and anywhere
4) support WiFi and cable dual connection mode Easy to use
5) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Waterproof grade	Ip65	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/2A
colour	white+black		

1) Fashionable appearance design, black glue front high-end preferred
2) Detecting moving objects at night to automatically start visible light to deter some illegal elements
3) Supporting WiFi and cable dual connection mode to use more simple and easy
4) support WiFi and cable dual connection mode Easy to use
5) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Waterproof grade	Ip65	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/2A
colour	white+black		

1) Outdoor Mini billiard machine farewell room can only fix the angular annoyance
2) Detecting moving objects at night to automatically start visible light to deter some illegal elements
3) Supporting WiFi and cable dual connection mode to use more simple and easy
4) Supporting voice intercom, local TF card storage, Cloud Storage, Mobile Detection Alarm to Protect Your Family

Technical parameter

Waterproof grade	Ip65	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/2A
colour	white+black		

1) Outdoor Mini billiard machine farewell room can only fix the angular annoyance
2) Detecting moving objects at night to automatically start visible light to deter some illegal elements
3) Supporting WiFi and cable dual connection mode to use more simple and easy
4) Supporting voice intercom, local TF card storage, Cloud Storage, Mobile Detection Alarm to Protect Your Family

Technical parameter

Waterproof grade	Ip65	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/2A
colour	white+black		

1) 360-degree panoramic surveillance camera, no dead angle, 360 degrees full-open
2) Breaking through the limitation of the visual area of traditional cameras, wider field of vision and more details
3) One machine can monitor four areas and divide them into four branches from different angles. Each branch can be adjusted arbitrarily.
4) The remote monitoring system can observe the home situation at any time, anywhere, video playback and circular video recording.
5) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm all-roundProtect your family

Technical parameter

Rotation angle		Cloud storage	Support
		night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black		

1) Sci-tech exclusive private model, novel circular appearance design can be well integrated into the style of home furnishings and do not destroy the overall design of home furnishings
2) Remote monitoring can be observed at any time and anywhere at home
3) Support WiFi and cable dual connection mode to use more stable and easy to use.
4) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Rotation angle	Horizontal 355°C/vertical 80°C	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/1.5A
colour	white+black		

1) Fashionable appearance design, black glue front high-end preferred
2) exclusive simple plug-in mode, bring more intimate service, solve all plug-in inconvenience
3) remote monitoring can observe the situation at home anytime and anywhere
4) support WiFi and cable dual connection mode Easy to use
5) Support voice intercom, local TF card storage, cloud storage, mobile detection and alarm to protect your family in all directions

Technical parameter

Waterproof grade	Ip65	Cloud storage	Support
Resolution	1MP/2MP	night vision	black and white
visual angle	1080P:120° / 720P:110°	storage	Maximum support for 1280 memory card
Camera lens	4MM	Call the police	Object tracking
Video compression format	H.264	Connect	Wifi
audio frequency	Support	Power Supply	5V/2A
colour	white+black		

1) Wireless connection, wiring-free
2) When the camera and the host are powered on, the picture can be drawn.
3) Stronger wireless signals
4) More stable, not easy to drop the line
5) More convenient to support wireless/wired pairing
6) Mobile phone remote, people outside the home, want to see it.
7) longer VCR time, support hard disk storage

Technical parameter

transmission distance	30~300M	Cloud storage	Support
Waterproof grade	720P/1080P	night vision	black and white
Resolution	IP66	storage	Hard disk
Camera lens	3.6 MM	Connect	Wifi
Video compression format	H.264+H.265+	Power Supply	DC 12V

1) Wireless connection, wiring-free
